I've been taking my car to get washed here & they do such a good job for only \$13! They hand wash my car & clean & vacuum the inside. Such a deal! They're also really nice people. I always tell all my friends to go there because they really do a good job.

I agree with Ken L. I had a GREAT job done by Wax Busters. Robert was very accommodating, was punctual, followed up afterwards to make sure I was happy. About the job.... I have cream colored carpeting (looked so pretty when I bought the car - not so great after the winter) and they were able to get the mats and carpeting to look like new. There was no wax left along the edges of the hood, doors, etc. My car is dark blue and nothing irritates me more than having to try to get dried on wax left by a detailer. I can't say enough good things about them! It did take a while to get scheduled, but something this good is worth the wait.

I recently got my car done by Robert and Lori and was very impressed. I purchased agroupon and they were able to fit me into their busy schedule. I was offered food and drinks while I waited for my car and it was returned beautiful and clean. I highly recommend Wax busters. SUPPORT LOCAL BUSINESSES!

I took two autos into Waxbusters Auto Detailing and Polishing. One Mazda RX8 and my 1995 Tbird Super Coupe. I found the staff very professional and friendly. We bought the services through Groupon. The cars were both completed within the time specified by Waxbusters and both cars looked great. My son and I were very impressed with the work done by Waxbusters.

Thanks for the great work,

Gary

I bought agroupon to get my car detailed and called the next day. I talked to Robert on the phone and he said he could get me in next week. I was a little bummed but they were pretty busy. I have a mitsubishi lancer and they did a really good job. My dog puked in my car down the side of the seat and he work extra to get in all out. I am very satisfied with waxbusters. I would have gave them 5 stars but they have a really long wait and should hire more people.
